

# Orchid

## Pendant

Led power hub

Unique hand dyed orchid flowers in your choice of colours.

The LED power hub is inspired by tree roots that communicate underground via a fine web of tiny roots called Mycelium.

The hub consists of 2 inner cores each carrying the positive and negative 12V charge.

2 stainless steel wires carry the current to the globe which is poised just behind the orchid flower, the globes are arrayed around the hub at different points

The light is suspended by a single stainless steel wire and balanced so as to rotate freely.

## Dimensions

1100mm L x 850mm W x 850mm high

## Materials

Polycarbonate, stainless steel, rubber, copper

## Light specifications

12 x 2W G4 globes generating a warm white light

Standard length of drop is 1.5 metres long, if longer length is required, please contact us.
